Preschool

Our preschool program is designed to provide an opportunity for children ages one through five to interact and learn in a safe, friendly, self-assured and Christian atmosphere.

Developmentally appropriate learning experiences are offered in an environment that nurtures children physically, mentally, emotionally, & spiritually.

An important ministry of the preschool is to instill Christian values and share our faith with the children through our program. Activities are planned to create a loving, positive experience for all children as they grow in faith and understanding of God's love.
